

Joint Workshop on GWP Tool Box Dissemination and Capacity Building

**GWP Central and Eastern Europe (CEE) and
GWP Caucasus and Central Asia (CACENA)
and UNEP Project**

30 -31 July 2006

Cholponota (Issyk Kul Lake), Kyrgyz Republic

The important part of GWP ToolBox is case studies from water sector all over the world. They give an information on how to use different political, legal, organizational, economical, and managerial tools for implementation of IWRM principles. It is necessary to have more cases in order to widen the regional and thematic scope of Tools and to make it more practical.

The goal of joint workshop of experts from CEE and CACENA is to:

- Determine concrete cases from the region;
- Train the authors to correctly write the case;
- Determine the potential reviewers.
